Mike,

He probably just wants to talk to you about the modified project. If you don't have time, you don't need to meet with him.

Sue,

I do not need to meet with Brad at this time. My schedule is very tight. Shawn can handle this for me. Shawn.....what does he want?

Importance: High

As noted below, Brad Wiblin of Bridge Housing would like to meet with each of you. He'll be here for a 4:00 meeting today. Maryann could you come in at 3:00 or 3:30? Mike could you come in at 5:30? If those times don't work, Brad will make himself available at your convenience.

Jeff Comerchero is on vacation so I will need to schedule him with Brad after Sept. 8th.

Hi Sue -

I will be meeting with Councilmember's Washington and Roberts this afternoon at 4pm, in their role as the Summerhouse subcommittee. I would also like to schedule individual meetings with the other City Council members. I will make myself available whenever they might have time. Since I will be in Temecula late this afternoon, if anyone was available at 5:30 or so I could even meet tonight.
